## STATE IS TRYING TO STOP GAMBLING

Judge West Will Sit in Jamestown Bookmaking Case Next Week.

When the suit brought by the Commonwealth of Virginia against the Jamestown Bookmaking Corporation, by means of which it is hoped to dispose of that concern of its charter and to gambling on the race track, is to be tried next Monday the presiding judge will be Judge Jesse Frank West, of the Third Circuit. Judge West was yesterday designated by the court to sit for Judge J. L. McLean, of the Circuit Court of the city of Norfolk, the latter jurist having been called to try the case.

Proceedings against the Jamestown Bookmaking Corporation were begun several months ago by Attorney General Samuel W. Williams in the name of the Commonwealth to have the charter of concern declared void and thus to give it of its corporate rights under the laws of the State.

Governor at Work. The following is the earnest but futile endeavor by Governor Mann and Norfolk county officials to break up bookmaking on the race track at the spring meet of the Jamestown Jockey Club. The Governor announced in advance that he expected to take such steps as might be necessary to prevent betting on the races. A peculiar form of writ was adopted, which was generally regarded as an attempt to evade the spirit of the law.

A warrant was issued against one of the alleged bookmakers, and he was tried by a magistrate and acquitted. Another similar attempt before the courts failed. It was then that the plan of attacking the charter was conceived. The claim was made that to break up bookmaking would kill the race track.

## NEW LIST OF MILLERS

Dealers Warned Not to Sell Non-Registered Products. In bulletin No. 18 of the State Dairy and Food Department, issued yesterday, there is contained a full list of wheat and corn millers who have registered with the department, which said the fees prescribed for the sale of the products of their mills, exempted from the provision of the inspection tax of 15 cents per ton.

The department urges that the lists be carefully preserved and that the purchases of feeds be made from registered mills only, as under the law feeds cannot be sold in this State unless the manufacturer is registered and has paid the fees prescribed. Commissioner W. D. Saunders desires especially to stress the fact that the responsibility will devolve upon the distributor when the products of mills in other States, not registered here, are found offered for sale in Virginia.

These registrations for the sale of the pure by-products of wheat and corn supersede previous registrations, and wheat and corn millers offering for sale the exempted products cannot sell them until the registration effective prior to July 1, 1911.

Pension Checks Started. More than 1,000 pension checks were mailed yesterday from the office of the Auditor of Public Accounts, and this number of recipients of Virginia's gratitude will have their money in hand to-day. Auditor Donohoe signed checks until his arm ached, but he caught up with the number prepared by Pension Clerk E. L. Scott and checked and recorded by the office force. There remain about 13,000 checks to be sent out.

Says He Injured Mule. J. P. Holland was arrested in Police Court yesterday on a charge of driving an automobile in Ninth Street in a reckless manner, while injuring a mule owned by T. J. Timberlake. The case was continued until September 9.

SAVINGS BANK OF RICHMOND 1117 E. MAIN ST.

1889 "Strong as the Strongest." 1911 L. Z. Morris, president; J. P. Little, Jr., vice-president; James M. Hall, secretary and cashier; Geo. W. Wall, assistant cashier. 1889 "Safe as the Safest." 1911

ACCOUNTS SOLICITED

## ALL INVITATIONS ARE WITHDRAWN

No Candidate for Senator Will Address Labor Day Crowd Here.

## M'ADAMS SPEAKS TO-NIGHT

Will Introduce Swanson—Flood to Tour Part of Southwest.

No address will be made by Representative Carter Glass to the Labor Day crowd here on Monday, nor will Senators Martin and Swanson speak to the same audience at night. All invitations to speakers have been withdrawn by the committee in charge by letter signed by John Hirschberg, chairman. The letters, which are identical and the addressed to all four candidates for the United States Senate, merely state that the committee has deemed this course advisable. These invitations were extended some two months ago.

Since the two senators have returned from Washington, there has been some desultory talk of an effort to get them back from Buckroe Beach, where they speak in the afternoon, in time for a night meeting. However, none will be held. Mr. Hirschberg was not located last night, and no one seemed to know the real reason for this action.

Introduced by McAdams. Final arrangements were completed yesterday for the address of Senator Claude A. Swanson at the Academy of Music to-night. The Senator will be introduced by Colonel Thomas Branch McAdams in a short address. General Charles J. Anderson will preside.

There will be no reserved seats, save those on the stage for the vice-presidential election. Reiteration was given last night to the assertion that the entire meeting will consume not more than one hour and fifteen minutes. The name of Judge George L. Christian was yesterday added to the list of vice-presidential candidates originally named.

Flood to Stump Southwest. A whirlwind trip was arranged yesterday for Representative H. D. Flood in the Southwest. Mr. Flood will speak at Gate City, Scott county, on Monday afternoon, and will address the voters of the county at night. Leaving Bristol early Tuesday morning, he will make three speeches on that day. Marion will be reached in the morning. Mr. Flood speaking at 11 o'clock. Taking an afternoon train, he will speak at Wytheville at 4 o'clock, and then at his address there. He will then take a train for Richmond, arriving here on Wednesday morning.

All of the four candidates for the Senate being absent yesterday, matters were rather quiet at the respective headquarters so far as campaign material was concerned, although there was plenty of industry everywhere. The office forces have been largely increased, and regiments of young men and women are busy writing letters and mailing circulars. Visitors are many, the excitement being general and growing as the time for the primary approaches.

Jones at Winchester. The engagement of Mr. Jones to speak at Winchester yesterday was changed to today, when he will be in the city. Senator Martin goes to-day to Arlington, Nelson county, for a speech this afternoon. Over the telephone last night, he stated that his voice had much improved, and that he was well pleased with his reception in Accomac and in Loudoun. The Senator will journey to Newport News tomorrow for his Buckroe speech on Monday, and will not, it is expected, be in Richmond again until Tuesday morning. It is hardly likely that he will make any other addresses during the campaign.

Professor Dice R. Anderson will speak at Saluda, Middlesex county, today. In the interest of the Virginia Democratic League. Friends of Mr. Jones and Mr. Glass are working vigorously to have successful meetings for these candidates on Monday night here. They will speak alternately at gatherings at the Jefferson Auditorium and at Liberty Hall, Twenty-fifth and Broad Streets. Their hearers will thus have the opportunity to listen to both on the same night.

Will Inspect Site of Stables. Besides approving payrolls, the Council Committee on Street Cleaning last night agreed to hold a meeting at the stables September 15 for the purpose of inspecting the site of the new stables. The location is next to the incinerator, far from the present stables.

Rebates and Extensions Allowed. The Council Committee on Water last night allowed rebates and extensions according to the recommendations of the superintendent, and approved the department payrolls for the month.

Eludes Police for Month. After eluding the police for more than a month, William Anderson, colored, was arrested last night and taken to the First Police Station, where he was charged with feloniously assaulting William Greene, also colored. The alleged crime took place in July.

Capture Second Boy. Ben Briggs, colored, sixteen years old, was arrested last night, charged with being implicated with Henry Tribby, a second negro, now under arrest, in attempting to break into the storehouse of Biggs & Headles in East Seventeenth Street, on Thursday night.

Eludes Police for Month. After eluding the police for more than a month, William Anderson, colored, was arrested last night and taken to the First Police Station, where he was charged with feloniously assaulting William Greene, also colored. The alleged crime took place in July.

Capture Second Boy. Ben Briggs, colored, sixteen years old, was arrested last night, charged with being implicated with Henry Tribby, a second negro, now under arrest, in attempting to break into the storehouse of Biggs & Headles in East Seventeenth Street, on Thursday night.

Eludes Police for Month. After eluding the police for more than a month, William Anderson, colored, was arrested last night and taken to the First Police Station, where he was charged with feloniously assaulting William Greene, also colored. The alleged crime took place in July.

## BOTH COMPANIES WILL SUPPLY COAL

When Samples Are Analyzed Contract Finally Will Be Awarded.

Though the contract for 3,500 tons of steam coal already had been held up, pending the analysis of the City Chemist, the Council Committee on Light last night decided, on motion of Alderman Melton, to divide the supply needed by the Gas Works between the Chesapeake and Ohio Coal Agency Company and the Atlantic States Coal Company, both of which made the same bid, until some decision could be arrived at by the committee.

The bids on this class of coal have been hanging fire since last May, both companies making the same price—\$2.50 a ton. Meanwhile, the coal has been furnished by the Chesapeake and Ohio Company, which has had the contract for a number of years, at the old price. Councilman Cease was in favor of awarding the contract to the Atlantic States Company, and Councilman Ratcliffe of giving them the advantage of supplying the coal in the interim. Chemist Whitefield is at work on the samples, and probably will make a report at the next meeting of the committee.

A letter was read from City Engineer Charles E. Bolling recommending placing gas pipes in an alley on West Monument Avenue. Superintendent Knowles advised against it, saying that the ground recently had been made by filling, and that the settling in the earth probably would displace the pipes. Mr. Ratcliffe held that the alley was ready to be paved, and that it should not be dug up again when the gas pipes could be laid now. There was much discussion, but no action was taken by the committee.

The committee approved bills, pay rolls and rebates. The contract for pipes was awarded to the Southern Railway Supply Company, the lowest bidder.

## QUESTION OF VOTING

Judges Will Decide as to Young Men at Conference To-Day.

Whether or not young men who become of age between the date of the primary, September 7, and the election day, October 10, will be eligible to vote in the primary, will be settled this morning in a conference probably held at the office of the Huguenot Court and Judge Ernest Wells of the Hustings Court, Part 2. A letter was read from the Registrar of the Revenue Hawkins to assess appeal, coming of age after the date of the primary. Candidates for office have taken up the case with the commissioner, contending that his interpretation of the law is erroneous. The question came up some time ago, but as Judge Witt was then away on his vacation, the conference with Judge Wells was called because all parts of the city will be affected.

## CAUGHT IN ROANOKE

Alleged Forger Held for Local Police and Will Be Brought Back.

The Western Union is wanted by the Richmond police on a charge of forgery. He was captured yesterday in Roanoke, and is being held in the city. He is a journeyman, and was brought to the city by the local authorities. He had been in the city for some time, and was caught by the police. He is being held in the city, and will be brought back to Richmond.

## LARGEST IN HISTORY

Customs Collection for August Aggregate \$55,284.71.

Collections by the Richmond custom house for August were greater than in any month in the history of that office. It was said yesterday. The receipts aggregated \$55,284.71, while \$2,722.22 was the total for the same month of 1910.

During the month 151 entries of merchandise were made, fifty-five more than the next biggest month.

Marriage Licenses. The following marriage licenses were issued in the clerk's office of the Hustings Court yesterday: Leonard Stainsting and Rebecca Peters; Walter Claytor and Miss Lillie B. Wicker; David Heyowitz and Miss Anne Krevner.

Eludes Police for Month. After eluding the police for more than a month, William Anderson, colored, was arrested last night and taken to the First Police Station, where he was charged with feloniously assaulting William Greene, also colored. The alleged crime took place in July.

Capture Second Boy. Ben Briggs, colored, sixteen years old, was arrested last night, charged with being implicated with Henry Tribby, a second negro, now under arrest, in attempting to break into the storehouse of Biggs & Headles in East Seventeenth Street, on Thursday night.

## RICHMOND TO GET NEW POSTAL BANK

Postmaster Allan Advised That It Will Be Opened on September 30.

## EQUIPMENT ALREADY HERE

Deposits Will Draw 2 Per Cent. Interest and Carry Uncle Sam's Guarantee.

Richmond is to have a postal savings bank. Postmaster Edgar Allan, Jr., said yesterday that though he had not been officially advised he could announce with certainty that the department will order and direct the institution to begin operations September 30.

It will be located in the money order division of the post-office at Seventh and Franklin Streets, and will be in charge of the cashier. The new depository is provided for the carrying of savings, not as a bank for checking accounts or general banking business.

Mr. Allan said yesterday that he thought it would supply a demand especially apparent among the foreign population of Richmond and the laboring class, who seek a depository where they may carry small accounts and have them guaranteed by the United States government.

Deposits made in it draw interest at the rate of 2 per cent. per annum, and the safety of both principal and interest is guaranteed by Uncle Sam.

Husbands Can't Interfere. Deposits may be made by any person ten years of age or over, in his or her own name, and a married woman in her own name and free from the control of her husband.

No person can have more than one account at any one time. Accounts must be opened in person by the depositor, or his authorized representative. Subsequent deposits may be forwarded to the post-office by mail.

Deposits will be accepted only from individuals. No account can be opened in the name of a corporation, association, society, firm or partnership or in the names of two or more persons jointly. No account can be opened by one person in trust for another person or persons.

No fee or charge of any kind is exacted either for opening an account or withdrawing money deposited.

No one connected with the postal service is permitted to disclose the name of a depositor, unless specially directed by the Postmaster-General to do so.

Must Make Application. Persons desiring to deposit their savings will be required to sign an application furnished by the postmaster or his representative. If it is signed by mark, when the person is unable to write, the signature must be witnessed by a disinterested person.

Deposits must be made in dollars, and for them certificates will be issued in fixed denominations of \$1, \$2, \$5, \$10, \$20, \$50 or \$100, each bearing the name of the depositor, the number of his account, the date of issue, the name of the depository office and the date on which interest begins.

No account can be opened for less than \$1. Persons who wish to deposit fractional parts of a dollar may purchase a postal savings card and stamps of the denominations of 10 cents each to be attached to it. When they amount to \$1 the card and stamps will be as acceptable as establishing an account, and a certificate will be issued to the depositor upon surrendering them.

No person will be permitted to deposit more than \$100 in any one calendar month, nor will any more deposits be accepted when the account, exclusive of the interest, amounts to \$500.

January 1 and July 1 of each year depositors may exchange their certificates for United States bonds bearing interest at the rate of 2-1/2 percent per annum, payable semi-annually and redeemable at the pleasure of the United States government. The date of both interest and principal are payable in gold twenty years after the date of issue of a bond.

Certificates of deposit draw interest at the rate of 2 per cent. per annum. They cannot be transferred or negotiated, but are payable to the person to whom they are issued or to legal representatives in case of death.

Depositors are furnished with an envelope in which to keep their certificates, and which contain a ledger blank in which they can keep an account of their deposits.

If a certificate is lost or destroyed, the postmaster should at once be notified, and if proper a new certificate will be issued upon compliance with certain requirements.

Postmasters are not permitted to accept certificates for safekeeping. Interest, computed on cash savings certificates separately, will be allowed on all deposits at the rate of 2 per cent. per annum, payable annually. No interest will be paid on money which remains on deposit for a fraction of a year only.

Interest Continues. Interest begins to run on the first day of the calendar month after the deposit is made, and continues as long as the certificate is outstanding, certificates and the interest due on them being paid out on demand, without limitation as to time. Compound interest is not paid, but a depositor may withdraw interest due him and with it procure interest-bearing certificates.

Depositors may withdraw the whole or any part of their deposits at any time by surrendering their certificates, properly indorsed, for the amount desired, in the presence of the postmaster or his representative. When simply the interest on a certificate is withdrawn, the depositor is required to give a receipt in duplicate for the amount, and the postmaster will enter the amount paid as interest on the back of the certificate and return it to the depositor.

A woman depositor who afterwards marries must present her savings certificates to the postmaster or his representative to be indorsed as payable to her in her new name.

Must Apply for Bonds. Depositors desiring to exchange certificates for United States bonds paying 2 1/2 per cent. interest January 1 or July 1, must make application at least fifteen days in advance of these dates on a triplicate form, which will be supplied for the purpose, and when the bonds are ready for delivery the depositor may obtain them upon presentation

## \$4 and \$5 Straw Hats To-Day \$1.45

It's the last day of our Straw Hat Sale, and every \$4.00 and \$5.00 hat in the house, including all agency hats, will be on sale at \$1.45.

## Gans-Rady Company

of the receipt for the certificates, which must be surrendered with the application for the bonds. Savings deposits which are thus converted into bonds are not counted as any part of the \$500 maximum deposits allowed one depositor. Bonds are issued in sums of \$20, \$40, \$60, \$80, \$100 and multiples of \$100 up to \$500.

The bonds are exempt from all taxes and duties whatsoever, as well as from taxation in any form by or under State, municipal or local authority. They may be sold or assigned at any time, whether registered or in coupon form, by their holders, but no person can obtain them except by the conversion of postal savings certificates.

Infirm persons or those unable to come to the depository to make a deposit after opening an account may do so by mail. On receipt of the amount the postmaster will send the depositor the duplicate of the savings certificate, to be signed and returned, when the postmaster will send the original certificate. Those desiring to open an account may do so in practically the same way. Provision is also made for withdrawal of deposits and payment of interest in a similar manner.

Some of the equipment necessary for the use of the savings bank has already arrived in Richmond.

## CELLULOID COLLAR ABLAZE

Carelessness With Match Results Badly for Prisoner.

When he attempted to light a cigarette last night while confined in a cell at the First Police Station, a blazing match fell from the hands of E. J. Winfree, who was under arrest for drunkenness, struck his shoulder and set fire to the celluloid collar he was wearing. Instead of calling for help, Winfree attempted to put out the flames, and did not succeed in doing so until his shirt had been burnt from his back. He received severe burns about the arms, breast and neck. Medical attention was rendered by Dr. Watts, of the city ambulance.

Not until a strong odor of burning cloth attracted their attention did the officers on duty at the station house become aware of the fact that Winfree was in danger. When found he had put the fire out, but the cell room was filled with smoke.

Though badly burned, his condition is not serious.

## WILL HEAR RETURNS

City Democratic Committee to Meet at Jefferson Auditorium.

The City Democratic Committee held a meeting at Murphy's Hotel last night, at which it was decided to meet in the Jefferson Auditorium on next Thursday night to hear the returns from the primary election. Managers from each precinct in the city will bring in the official vote, and it will be tabulated there.

In addition, the committee will have a telegraph wire to the hall, so as to get the returns from over the State. All arrangements for the primary in this city already had been completed, and there was nothing else for the committee to do last night.

## DAVISON WILL SPEAK

Richmond Men on Labor Day Program at Deville.

Emmet C. Davison, of this city, secretary of the Virginia Federation of Labor, has been invited to deliver an address at the Labor Day celebration to be held at Danville on Monday. Mr. Davison has accepted.

The labor people of Danville have planned a celebration of considerable size, the exercises consisting of meetings—morning, afternoon and night. Several speakers are on the program.

## Blues to Resume Drills.

Orders have been issued by Major E. W. Bowles that the general company in the Richmond Blues resume drills next week. They were suspended upon the return of the battalion from camp at Basle City on July 23.

## H. L. Hulce

## To the Citizens of Richmond

I have been connected with the City Collector's office for the past eleven (11) years, serving in the capacity of First Deputy for about six (6) years.

Owing to the pressure of my work and duties at this particular time of the year, I have not been able to see as many of the voters as I naturally desired to see with reference to my candidacy. Hence this card.

Having by universal consent faithfully discharged the duties of the office entrusted to me by the unanimous vote of the City Council in joint session, and being now fully acquainted with all of the duties of the office, I feel that I am competent to fill the place efficiently.

I have been recently endorsed by the City Council as one who is qualified to discharge the duties of the office and worthy of it, I therefore feel justified in soliciting YOUR vote and YOUR influence in the coming Primary Election, and your kind consideration will be gratefully appreciated.

Very respectfully, etc.,

Herbert L. Hulce

City Collector Pro Tem.

We, the undersigned, deputies in the office of the City Collector, endorse the above and will appreciate the vote and influence of our friends. Thanking you in advance, we are,

Yours respectfully,

CHARLES H. LESTER,  
M. W. (MIKE) MONCURE,  
J. SAM'L WILKINSON,  
J. P. ROBINSON.

## We Are Interested

In BOOSTING RICHMOND, and we are doing our part. For any community to progress along any line the individuals in that community must all do their share.

Are YOU doing YOUR share?

Before you can fulfil your duty to YOUR CITY you MUST FULFIL your duty to YOURSELF. A bank account in this strong national bank will help to make you independent, and your independence will greatly increase your usefulness.

The American National Bank of Richmond, Virginia,

wishes to help RICHMOND GROW by helping individual citizens grow. Your deposits will grow with us at the rate of 3 Per Cent. Interest, compounded in January and July.
